PRODUCTS APPLICATION DETAIL

Welmon Boards can be used in for a wide range of applications

Signage :

Sign boards, letter displays, decoration of shops, exhibition stands and panels etc.

Furniture :

Doors, windows, table, counters, kitchen / TV cabinets, wardrobes, shelves, cots, dressing tables etc

Prefabricated Sheds :

Security Rooms, Bath Rooms, Site Offices, Class Rooms, Hospitals, Camp Site, Beach House, Cellular Phone Shelter, Farm house etc.

Cold Storage :

Due to excellent thermal insulation property, resistant to water/ moisture and totally nonferrous surface, Welmon provides an ultimate material for cold storage and food industry.

WPC Shuttering Board :

WPC Shuttering Board is a new building template material; it is a good product instead of Steel board, Plywood, Bamboo plate and Gypsum board. Welmon WPC can be recycled multi times, so the total cost is much lower than the current use of bamboo template construction, and it has excellent flame retardant performance, from self-extinguishing fire, smokeless. It is 100% moisture proof and can be kept in water for long time. Can be cut with saw and can be nailed as plywood.

Laboratory Desk :

You can also use our Welmon boards in laboratory because our boards are non-toxic, and have strong chemical resistance.

Automobile Application :

You can also use our Welmon boards constitute the automobile floor as they are solid and durable, moisture proof, flame retard, easy to clean.
